Operator is disclosing information as required under Public Health Law Section 4658 (3). Such disclosures are contained in Exhibit H, which is attached to and made part of this Agreement.

III. Fees.

A. Basic Rate.

1. **Basic Rate.** The Community operates with a tiered fee arrangement, in which the amount of the Basic Rate that is due each month (referred to herein as "Monthly Fee") depends on the type of services provided. As such, your total Monthly Fee is composed of two distinct fees as set forth in detail in Exhibit A, "Fee Schedule": (1) the Room Home Fee, which includes the Basic Services set forth in Section I. B. of this Agreement and (2) the Levels of Service Fee, described in Exhibit B. If you elect such services, additional monthly fees for parking or pets will be invoiced along with your Monthly Fee.

Resident, Resident's Representative and Resident's Legal Representative agree that Resident will pay, and Operator agrees to accept, on a monthly basis, the basic service fee (the "Basic Rate") and other monthly fees (together with the Basic Rate, the "Monthly Fees") all as set forth on the Fee Schedule (Exhibit A) under the heading "Monthly Fees", as well as any Additional Fees (defined below) incurred and not included as part of the Monthly Fees. Your

Vibrant People Creating Vibrant Communities

Monthly Fees as of the date of this Agreement are \$ and are detailed on Exhibit A of this Agreement.

2. **Additional Fees.** Additional fees are charged for services, supplies, care or amenities that are in addition to those included in the Monthly Fee. In addition to the payment of the Monthly Fees, Resident shall be responsible for the payment of fees for additional services obtained by you in accordance with the schedule attached as Exhibit A and made a part of the Agreement (the “Fee Schedule”) and, subject to Section B below. In some cases, the law permits Operator to charge an Additional Fee without the express written approval of Resident (See Section III.E). Resident shall be responsible for the payment of any fees Operator incurs with respect to items or services not listed on the Fee Schedule or included in the Monthly Fees which are necessary for your continued health or safety (each an “Additional Fee” and collectively, the “Additional Fees”) pursuant to Section III.E below.

B. Supplemental or Community Fees.

1. A Supplemental Fee can only be charged for services that the Resident elects to receive and are actually supplied to the Resident, and are for services, supplies, or care that are in addition to the services and supplies included in Your Monthly Rate. A list of available Supplemental Services is included in Exhibit A.

2. A Community Fee is a one-time fee that Operator may charge at the time of admission. The Community Fee is non-refundable except that it is 100% refundable for any depositor prior to move-in if the depositor requires a higher level of care than can be provided by Operator or the depositor is not accepted for residency by Operator. The prospective Resident, once fully informed of the terms of the Community Fee, may choose whether to accept the Community Fee as a condition of residency in the Community, or to reject the Community Fee and thereby reject residency at the Community.

C. Billing and Payment Terms. Operator will bill Resident each month in advance for the Monthly Fees during the period covered by such invoice. In addition, each monthly invoice will include all Additional Fees incurred by you for any and all services provided to you for the prior month. Resident agrees to pay all such fees and charges on the first day of the month following receipt of the invoice from Operator. In addition, you shall be responsible for any cost or expense incurred by Operator with respect to (i) repair of any damage to your Room or other property of the Community caused by you or your guests beyond that of normal wear and tear, (ii) the enforcement of any provision of this Agreement, including, without limitation, filing fees and reasonably attorneys’ fees, and (iii) any other fees or expenses for which you are responsible as otherwise set forth in this Agreement. The foregoing obligations are subject to your rights and the rights of Resident’s Representative at law and equity, to contest the imposition of any such costs and fees, and to assert any claims you have against Operator for damages, losses, liabilities, obligations, property damages or other expenses of any type (including court costs and attorneys’ fees) as ordered by a court of competent jurisdiction or as otherwise permitted by law. In the event the Resident can no longer make payments, Operator will initiate termination of this Agreement as outlined in Section XII.

D. Late Payments; Returned Checks. Late Payments; Returned Checks. In the event that you fail to pay any Monthly Fees or Additional Fees within five (5) days after same becomes due and payable, you shall also pay to Operator a late payment fee equal to five percent (5%) of such unpaid sum. Such late payment fee shall be in addition to the Monthly Fees or Additional Fee and shall be promptly paid to Operator. You shall be solely responsible for any fees charged to Operator with respect to the return of any check from you to Operator.

E. Adjustments to Basic Rate or Additional Fees.

1. Subject to the provisions of paragraphs 2, 3 and 4 below, Operator reserves the right to adjust the rates of any item set forth on the Fee Schedule upon forty-five (45) days advance written notice to Resident and thereafter Resident shall pay such adjusted rate. The Community Fee is a one-time fee, therefore, there can be no subsequent increase in a Community Fee once the Resident has moved-in.

2. If you, or your Resident Representative or Legal Representative agree in writing to a specific rate or fee increase, through an amendment of this Agreement, due to your need for additional care, services or supplies, Operator may increase such rate or fee upon less than forty-five (45) days written notice.

3. If Operator provides additional care, services or supplies upon the express written order of your primary physician, Operator may, through an amendment to this Agreement, increase the Basic Rate, the Monthly Fees or any Additional Fees upon less than forty-five (45) days written notice.

4. In the event of any emergency which affects you, Operator may assess Additional Fees for your benefit as are reasonable and necessary for services, material, equipment and food supplied during such emergency without the requirement of prior written notice to you.

F. Room Hold Policy. If you temporarily leave the Community for an extended period, including, but not limited to times when you are on vacation or are transferred to an outside health care facility, and you ask Operator to “hold” your Room, you shall remain responsible for all Monthly Fees and Additional Fees due and owing under this Agreement during those periods. The provision to reserve Resident’s Room does not supersede the requirements for termination, and Resident may choose to terminate this Agreement rather than reserve such space, provided that Resident must provide Operator with the appropriate required notice of such termination.

IV. Refund/Return of Resident Monies and Property.

Upon termination of this Agreement, Operator must provide you, your Resident Representative or Legal Representative or any person designated by you with a final written statement of your payment and, if applicable, personal allowance accounts at the Community not more than three (3) business days after you leave the Community.

In addition, Operator must also return at the time of your discharge, but in no case more than three (3) business days thereafter, any of your money or property which comes into the

Vibrant People Creating Vibrant Communities

possession of Operator after your discharge. Operator must refund on the basis of a per diem proration any advance payment(s) which you have made.

If you die, Operator must turn over your property and refund payments to the legally authorized representative of your estate.

If you die without a will and the whereabouts of your next-of-kin is unknown, Operator shall contact the Surrogate's Court of the County wherein the Community is located in order to determine what should be done with property of your estate.

V. Transfer of Funds or Property to Operator.

If you wish to voluntarily transfer money, property or things of value to Operator upon admission or at any time, and provided Operator has agreed to accept such transfer of money, property or things of value, Operator shall enumerate the items given or promised to be given and attach to this Agreement a listing of the items given to be transferred. If applicable, such listing is or will be attached as Exhibit L and is made a part of this Agreement. Such listing shall include any agreements made by third parties for your benefit.

VI. Fiduciary Responsibility

It is the policy of the Operator to not hold resident funds. If at any time Operator assumes management responsibility over Your funds, the Operator shall maintain such funds in a fiduciary capacity to You. Any interest on money received and held for You by the Operator shall be Your property. An operator shall not exclude an individual on the sole basis that such individual is a person who primarily uses a wheelchair for mobility, and shall make reasonable accommodations to the extent necessary to admit such individuals, consistent with the Americans with Disabilities Act of 1990, 42 U.S.C. 12101 et seq. and with the provisions of those sections.

VII. Personal Allowance Accounts.

The operator agrees to offer to establish a personal allowance account for any resident who receives either Supplemental Security Income (SSI) or Home Relief (HR) payments by executing a Statement of Offering (DSS-2853) with the resident or his representative.

The resident agrees to inform the operator if he/she receives or has applied for SSI or HR funds.

The resident or the resident's representative shall complete the following:

I receive SSI funds or I have applied for SSI funds

I receive HR funds or I have applied for HR funds

I do not have either SSI or HR

Operator has conducted such evaluation of You and has determined that You are appropriate for admission to the Community and that the Operator is able to meet your care needs within the scope of services authorized under the law and within the scope of services determined necessary for you under your Individualized Services Plan.

4. If you are being admitted to a duly certified Enhanced Assisted Living Residence, the additional terms of the "Enhanced Assisted Living Residence Addendum" will apply.

5. If you are being admitted to a Special Needs Assisted Living Residence, the "Special Needs Assisted Living Residence Addendum" will apply.

6. If you are residing in a "Basic" Assisted Living Residence and your care needs subsequently change in the future to the point that you require either Enhanced Assisted Living Care or twenty-four (24) hour skilled nursing care, you will no longer be appropriate for residency in the Basic Residence. If this occurs, Operator will take the appropriate action to terminate this Agreement, pursuant to Section XII of this Agreement. However, if Operator also has an approved Enhanced Assisted Living Certificate, has a unit available and is able and willing to meet your needs in such unit, you may be eligible for residency in such Enhanced Assisted Living unit.

7. Any violation of the House Rules, as the same may be amended from time to time, shall be a breach of this Agreement, at which time Operator may initiate termination of this Agreement as outlined in Section XII. Resident acknowledges receipt of the House Rules currently in effect, a copy of which is attached hereto as Exhibit C.

XI. Responsibilities of Resident, Resident’s Representative and Resident’s Legal Representative.

You, or your Resident Representative or Legal Representative to the extent specified in this Agreement, are responsible for the following:

10. Assist in removing Resident's personal property from the Room and, if applicable, any storage area, when Resident leaves the Community; and

11. In the event of death of Resident, communicate any preferences regarding funeral parlor or other final arrangements.

XII. Termination and Discharge.

This Agreement and your residency in the Community may be terminated in any of the following ways:

1. By mutual agreement between you and Operator.
2. Upon thirty (30) days prior notice from you or your Resident Representative to Operator of your intention to terminate this Agreement and leave the Community.
3. Upon thirty (30) days written notice from Operator to you, your Resident Representative, your next of kin, the person designated in this Agreement as the responsible party and any person designated by you.

The grounds upon which involuntary termination may occur are for the reasons listed below. If Resident objects to the involuntary termination, Resident has the right to seek legal action and termination can only take place if Operator initiates a court proceeding and the court rules in favor of Operator:

1. Your behavior poses imminent risk of death or imminent risk of serious physical harm to you or anyone else.
2. You fail to make timely payment for all authorized charges, expenses and other assessments, if any, for services including use and occupancy of your Room, materials, equipment and food which you have agreed to pay under this Agreement. If your failure to make timely payment resulted from an interruption in your receipt of any public benefit to which you are entitled, no involuntary termination of this Agreement can take place unless Operator, during the thirty (30) day period of notice of termination, assists you in obtaining such public benefits or other available supplemental public benefits. You agree that you will cooperate with such efforts by Operator to obtain such benefits.
3. You repeatedly behave in a manner that directly impairs the well-being, care or safety of yourself or any other resident, or which substantially interferes with the orderly operation of the Community.
4. Operator has had its/his/her operating certificate limited, revoked, temporarily suspended or Operator has voluntarily surrendered the operation of the Community.

5. A receiver has been appointed pursuant to Section 461-f of the New York State Social Services Law and is providing for the orderly transfer of all residents in the Community to other residences or is making other provisions for the residents' continued safety and care.

6. You require continual medical or nursing care which Operator is not permitted by law or regulation to provide.

7. Resident/Responsible Party purposely or knowingly misrepresents or withholds information on the Application for residency that would support a determination that the Resident was inappropriate for admission based on the Resident's needs or the services that the Community is licensed to provide.

8. After the date of this Agreement, Resident is charged with a criminal offense, the nature of which, in Provider's reasonable discretion, could endanger the safety or well-being of other residents, staff or visitors of the Community.

If Operator decides to terminate this Agreement for any of the reasons stated above, Operator will give you, your next of kin, and the person designated in this Agreement as the responsible party, a notice of termination and discharge, which must indicate a discharge date not less than thirty (30) days after delivery of notice, the reason for termination, a statement of your right to object and a list of free legal advocacy resources approved by the State Department of Health. The issuance of a notice of termination does not preclude Operator and Resident from agreeing to mutually terminate this Agreement at any time.

You may object to Operator about the proposed termination and may be represented by an attorney or advocate. If you challenge the termination, Operator, in order to terminate, must institute a special proceeding in court. You will not be discharged against your will unless the court rules in favor of Operator.

While legal action is in progress, Operator must not seek to amend this Agreement on or after the effective date of the notice of termination, fail to provide any of the care and services required by Department regulations and this Agreement or engage in any action to intimidate or harass you.

Both You and Operator are free to seek any other judicial relief to which You or Operator may be entitled.

If Operator proposes to transfer or discharge You, Operator must provide assistance to the extent necessary to assure, whenever practicable, your placement in a care setting which is adequate, appropriate and consistent with your wishes.

XIII. Transfer.

Notwithstanding the above, Operator may seek appropriate evaluation and assistance and may arrange for your transfer to an appropriate and safe location, prior to termination of this Agreement and without thirty (30) days prior notice or, where applicable, court review, for the following reasons:

Vibrant People Creating Vibrant Communities

1. You develop a communicable disease, medical or mental condition, or sustain an injury such that continual skilled medical or nursing services are required;
2. Your behavior poses an imminent risk of death or serious physical injury to yourself or others; or
3. A receiver has been appointed under the provisions of New York State Social Services Law and is providing for the orderly transfer of all residents in the Community to other residences or is making other provisions for the residents' continued safety and care.

If you are transferred pursuant to this Section, in order to terminate this Agreement, Operator must proceed with the termination requirements as set forth in Section XI of this Agreement, except that the written notice of termination must be hand delivered to you at the location to which you have been transferred. If such hand delivery is not possible, then the notice must be given by any of the methods provided by law for personal service upon a natural person.

If the basis for the transfer permitted under parts 1 and 2 above of this Section no longer exists, you are deemed appropriate for placement in the Community and if this Agreement is still in effect, upon your request you must be readmitted to the Community.

XIV. Vacating Room.

Upon the termination of this Agreement, you shall vacate your Room, remove all interior alterations made by you and restore your Room to its condition as of the date of your initial occupancy, ordinary wear and tear excepted. You understand that you will be responsible for all damage to your Room and shall remit any costs assessed by Operator to repair such damage in accordance with Section III.C above. You shall also surrender all keys, emergency call pendants and other similar items to your Room to Operator. You understand that you will be charged for any keys, emergency call pendants and/or other similar items that are not returned to Operator. Any personal belongings left by you in the Room or elsewhere at the Community and not claimed by you within thirty (30) days following Your termination date will be presumed to have been abandoned by you and Operator may, at its option, take possession of such belongings and at your reasonable expense, dispose of it in such a manner as Operator, in its reasonable discretion, deems appropriate. Resident or Resident's Representative retains any and all rights under law and equity, to contest the imposition of any such costs and fees.

XV. Resident Rights and Responsibilities.

INTRODUCTION

This consumer information guide will help you decide if an assisted living residence is right for you and, if so, which type of assisted living residence (ALR) may best serve your needs.

There are many different housing, long-term care residential and community based options in New York State that provide assistance with daily living. The ALR is just one of the many residential community-based care options.

The New York State Department of Health's (DOH) website provides information about the different types of long-term care at www.nyhealth.gov/facilities/long_term_care/.

More information about senior living choices is available on the New York State Office for the Aging website at www.aging.ny.gov/ResourceGuide/Housing.cfm.

A glossary for definitions of terms and acronyms used in this guide is provided on pages 10 and 11.

WHAT IS AN ASSISTED LIVING RESIDENCE (ALR)?

An Assisted Living Residence is a certified adult home or enriched housing program that has additionally been approved by the DOH for licensure as an ALR. An operator of an ALR is required to provide or arrange for housing, twenty-four hour on-site monitoring, and personal care services and/or home care services in a home-like setting to five or more adult residents.

ALRs must also provide daily meals and snacks, case management services, and is required to develop an individualized service plan (ISP). The law also provides important consumer protections for people who reside in an ALR.

ALRs may offer each resident their own room, a small Room, or a shared space with a suitable roommate. Residents will share common areas, such as the dining room or living room, with other people who may also require assistance with meals, personal care and/or home care services.

The philosophy of assisted living emphasizes personal dignity, autonomy, independence, privacy, and freedom of choice. Assisted living residences should facilitate independence and helps individuals to live as independently as possible and make decisions about how they want to live.

WHO OPERATES ALRs?

ALRs can be owned and operated by an individual or a for-profit business group or corporation, a not-for-profit organization, or a government agency.

PAYING FOR AN ALR

It is important to ask the ALR what kind of payment it accepts. Many ALRs accept private payment or long term care insurance, and some accept Supplemental Security Income (SSI) as the primary method of payment. Currently, Medicaid and Medicare will NOT pay for residing in an ALR, although they may pay for certain medical services received while in the ALR.

Costs vary among ALRs. Much of the variation is due to the types and level of services provided and the location and structure of the residence itself.

TYPES OF ALRs AND RESIDENT QUALIFICATIONS

There are three types of ALRs: Basic ALRs (ALR), Enhanced ALRs (EALR), and Special Need ALRs (SNALR). The services provided, offered or permitted vary by type and can vary from residence to residence. Prospective residents and their representatives should make sure they understand the type of ALR, and be involved in the ISP process (described below), to ensure that the services to be provided are truly what the individual needs and desires.

Basic ALR: A Basic ALR takes care of residents who are medically stable. Residents need to have an annual physical exam, and may need routine medical visits provided by medical personnel onsite or in the community.

Generally, individuals who are appropriately served in a Basic ALR are those who:

- Prefer to live in a social and supportive environment with 24-hour supervision;
- Have needs that can be safely met in an ALR;
- May be visually or hearing impaired;
- May require some assistance with toileting, bathing, grooming, dressing or eating;
- Can walk or use a wheelchair alone or occasionally with assistance from another person, and can self-transfer;
- Can accept direction from others in time of emergency;
- Do not have a medical condition that requires 24-hour skilled nursing and medical care; or
- Do not pose a danger to themselves or others.

The Basic ALR is designed to meet the individual's social and residential needs, while also encouraging and assisting with activities of daily living (ADLs). However, a licensed ALR may also be certified as an Enhanced Assisted Living Residence (EALR) and/or Special Needs Assisted Living Residence (SNALR) and may provide additional support services as described below.

Enhanced ALR (EALR): Enhanced ALRs are certified to offer an enhanced level of care to serve people who wish to remain in the residence as they have age-related difficulties beyond what a Basic ALR can provide. To enter an EALR, a person can “age in place” in a Basic ALR or enter directly from the community or another setting. If the goal is to “age in place,” it is important to ask how many beds are certified as enhanced and how your future needs will be met.

People in an Enhanced ALR may require assistance to get out of a chair, need the assistance of another to walk or use stairs, need assistance with medical equipment, and/or need assistance to manage chronic urinary or bowel incontinence.

An example of a person who may be eligible for the Enhanced ALR level of care is someone with a condition such as severe arthritis who needs help with meals and walking. If he or she later becomes confined to a wheelchair and needs help transferring, they can remain in the Enhanced ALR.

The Enhanced ALR must assure that the nursing and medical needs of the resident can be met in the facility. If a resident comes to need 24-hour medical or skilled nursing care, he/she would need to be transferred to a nursing facility or hospital unless all the criteria below are met:

- a) The resident hires 24-hour appropriate nursing and medical care to meet their needs;
- b) The resident's physician and home care services agency decide his/her care can be safely delivered in the Enhanced ALR;
- c) The operator agrees to provide services or arrange for services and is willing to coordinate care; and
- d) The resident agrees with the plan.

Special Needs ALR (SNALR): Some ALRs may also be certified to serve people with special needs, for example Alzheimer’s disease or other types of dementia. Special Needs ALRs have submitted plans for specialized services, environmental features, and staffing levels that have been approved by the New York State Department of Health.

The services offered by these homes are tailored to the unique needs of the people they serve. Sometimes people with dementia may not need the more specialized services required in a Special Needs ALR, however, if the degree of dementia requires that the person be in a secured environment, or services must be highly specialized to address their needs, they may need the services and environmental features only available in a Special Needs ALR. The individual’s physician and/or representative and ALR staff can help the person decide the right level of services.

An example of a person who could be in a Special Needs ALR, is one who develops dementia with associated problems, needs 24-hour supervision, and needs additional help completing his or her activities of daily living. The Special Needs ALR is required to have a specialized plan

to address the person’s behavioral changes caused by dementia. Some of these changes may present a danger to the person or others in the Special Needs ALR. Often such residents are provided medical, social or neuro-behavioral care. If the symptoms become unmanageable despite modifications to the care plan, a person may need to move to another level of care where his or her needs can be safely met. The ALR’s case manager is responsible to assist residents to find the right residential setting to safely meet their needs.

HOW TO CHOOSE AN ALR

VISITING ALRs: Be sure to visit several ALRs before making a decision to apply for residence. Look around, talk to residents and staff and ask lots of questions. Selecting a home needs to be comfortable.

Ask to examine an “open” or “model” unit and look for features that will support living safely and independently. If certain features are desirable or required, ask building management if they are available or can be installed. Remember charges may be added for any special modifications requested.

It is important to keep in mind what to expect from a residence. It is a good idea to prepare a list of questions before the visit. Also, taking notes and writing down likes or dislikes about each residence is helpful to review before making a decision.

THINGS TO CONSIDER: When thinking about whether a particular ALR or any other type of community-based housing is right, here are some things to think about before making a final choice.

Location: Is the residence close to family and friends?

Licensure/Certification: Find out the type of license/certification a residence has and if that certification will enable the facility to meet current and future needs.

Costs: How much will it cost to live at the residence? What other costs or charges, such as dry cleaning, cable television, etc., might be additional? Will these costs change?

Transportation: What transportation is available from the residence? What choices are there for people to schedule outings other than to medical appointments or trips by the residence or other group trips? What is within safe walking distance (shopping, park, library, bank, etc.)?

Place of worship: Are there religious services available at the residence? Is the residence near places of worship?

Social organizations: Is the residence near civic or social organizations so that active participation is possible?

Shopping: Are there grocery stores or shopping centers nearby? What other type of shopping is enjoyed?

Activities: What kinds of social activities are available at the residence? Are there planned outings which are of interest? Is participation in activities required?

Other residents: Other ALR residents will be neighbors, is this a significant issue or change from current living arrangement?

Staff: Are staff professional, helpful, knowledgeable and friendly?

Resident Satisfaction: Does the residence have a policy for taking suggestions and making improvements for the residents?

Current and future needs: Think about current assistance or services as well as those needed in several years. Is there assistance to get the services needed from other agencies or are the services available on site?

If the residence offers fewer Special Needs beds and/or Enhanced Assisted Living beds than the total capacity of the residence, how are these beds made available to current or new residents? Under what conditions require leaving the residence, such as for financial or for health reasons? Will room or Room changes be required due to health changes? What is the residence's policy if the monthly fee is too high or if the amount and/or type of care needs increase?

Medical services: Will the location of the facility allow continued use of current medical personnel?

Meals: During visit, eat a meal. This will address the quality and type of food available. If, for cultural or medical reasons, a special diet is required, can these types of meals be prepared?

Communication: If English is not the first language and/or there is some difficulty communicating, is there staff available to communicate in the language necessary? If is difficulty hearing, is there staff to assist in communicating with others?

Guests: Are overnight visits by guests allowed? Does the residence have any rules about these visits? Can a visitor dine and pay for a meal? Is there a separate area for private meals or gatherings to celebrate a special occasion with relatives?

WHO CAN HELP YOU CHOOSE AN ALR? When deciding on which ALR is right, talk to family members and friends. If they make visits to the residences, they may see something different, so ask for feedback.

Physicians may be able to make some recommendations about things that should be included in any residence. A physician who knows about health needs and is aware of any limitations can provide advice on your current and future needs.

Before making any final decisions, talking to a financial advisor and/or attorney may be appropriate. Since there are costs involved, a financial advisor may provide information on how these costs may affect your long term financial outlook. An attorney review of any documents may also be valuable. (e.g., residency agreement, application, etc.).

ADMISSION CRITERIA AND INDIVIDUALIZED SERVICE PLANS (ISP)

An evaluation is required before admission to determine eligibility for an ALR. The admission criteria can vary based on the type of ALR. Applicants will be asked to provide

results of a physical exam from within 30 days prior to admission that includes a medical, functional, and mental health assessment (where appropriate or required). This assessment will be reviewed as part of the Individualized Service Plan (ISP) that an ALR must develop for each resident.

The ISP is the “blueprint” for services required by the resident. It describes the services that need to be provided to the resident, and how and by whom those services will be provided. The ISP is developed when the resident is admitted to the ALR, with the input of the resident and his or her representative, physician, and the home health care agency, if appropriate. Because it is based on the medical, nutritional, social and everyday life needs of the individual, the ISP must be reviewed and revised as those needs change, but at least every six months.

APPLYING TO AN ALR

The following are part of entering an ALR:

An Assessment: Medical, Functional and Mental: A current physical examination that includes a medical, functional and mental health evaluation (where appropriate or required) to determine what care is needed. This must be completed by a physician 30 days prior to admission. Check with staff at the residence for the required form.

An application and any other documents that must be signed at admission (get these from the residence). Each residence may have different documents. Review each one of them and get the answers to any questions.

Residency Agreement (contract): All ALR operators are required to complete a residency agreement with each new resident at the time of admission to the ALR. The ALR staff must disclose adequate and accurate information about living in that residence. This agreement determines the specific services that will be provided and the cost. The residency agreement must include the type of living arrangements agreed to (e.g., a private room or Room); services (e.g., dining, housekeeping); admission requirements and the conditions which would require transfer; all fees and refund policies; rules of the residence, termination and discharge policies; and resident rights and responsibilities.

An Assisted Living Model Residency Admission Agreement is available on the New York State Health Department’s website at:
http://www.nyhealth.gov/facilities/assisted_living/docs/model_residency_agreement.pdf .

Review the residency agreement very carefully. There may be differences in each ALR’s residency agreement, but they have to be approved by the Department. Write down any questions or concerns and discuss with the administrator of the ALR. Contact the Department of Health with questions about the residency agreement. (See number under information and complaints)

Disclosure Statement: This statement includes information that must be made known to an

individual before signing the residency agreement. This information should include: licensure, ownership, availability of health care providers, availability of public funds, the State Health Department toll-free number for reporting complaints, and a statement regarding the availability and telephone numbers of the state and local long-term care ombudsman services. The disclosure statement should be reviewed carefully.

Financial Information: Ask what types of financial documents are needed (bank statements, long term care insurance policies, etc.). Decide how much financing is needed in order to qualify to live in the ALR. Does the residence require a deposit or fee before moving in? Is the fee refundable, and, if so, what are the conditions for the refund?

Before Signing Anything: Review all agreements before signing anything. A legal review of the documents may provide greater understanding. Understand any long term care insurance benefits. Consider a health care proxy or other advance directive, making decision about executing a will or granting power of attorney to a significant other may be appropriate at this time.

Resident Rights, Protection, and Responsibilities: New York State law and regulations guarantee ALR residents' rights and protections and define their responsibilities. Each ALR operator must adopt a statement of rights and responsibilities for residents, and treat each resident according to the principles in the statement. For a list of ALR resident rights and responsibilities visit the Department's website at http://www.nyhealth.gov/facilities/assisted_living/docs/resident_rights.pdf. For a copy of an individual ALR's statement of rights and responsibilities, ask the ALR.

LICENSING AND OVERSIGHT

ALRs and other adult care facilities are licensed and inspected every 12 to 18 months by the New York State Department of Health. An ALR is required to follow rules and regulations and to renew its license every two years. For a list of licensed ALRs in NYS, visit the Department of Health's website at www.nyhealth.gov/facilities/assisted_living/licensed_programs_residences.htm.

Of these, adult homes, enriched housing programs, and residences for adults are overseen by the Department of Health. Adult homes, enriched housing programs, and residences for adults provide long-term residential care, room, board, housekeeping, personal care and supervision. Assisted Living Program (ALP): Available in some adult homes and enriched housing programs. It combines residential and home care services. It is designed as an alternative to nursing home placement for some people. This is a Medicaid funded service for personal care services.
